

JULY 2015 MONTHLY CHECKLIST

From grilling to fireworks, it's important to have a functioning fire extinguisher in your home during summertime activities. Be sure to check your fire extinguisher for cracks, dents, and expiring chemicals and replace accordingly.

July 19 is National Ice Cream Day! Celebrate with a bowl of five-minute homemade vanilla ice cream from Texas Heritage for Living®.

Did you know using a metallic windshield sun visor could worsen the chips and cracks in your windshield? Tend to your chips and cracks before the summer sun causes them to put a dent in your wallet. For glass-only auto claims call 1-800-266-5458.

Before you hit the lake this summer, ask your Texas Farm Bureau Insurance Agent about coverage for your boat, Jet Skis, and other motorized water accessories for exclusive protection and peace of mind.

In honor of National Culinaricians Day on July 25, do a thorough clean out of your cookware and baking accessories. Throw away any chipped glassware and or damaged baking items that could cause an accident in the kitchen.

Give your grill and fire pit some extra TLC this month with a quick scrub down for the safety of your home and houseguests.

Your air conditioning system has been working overtime to keep you cool during Texas' warmest months; replace your A/C filter to keep your unit running at maximum efficiency.

Member benefit of the month: Great Wolf Lodge

Swim, splash, and slide through an adventure located just outside the doors of your rustic-themed suite. The Great Wolf Lodge in Grapevine is perfectly located near some of the greatest amenities in North Texas, including DFW Airport, Grapevine Mills mall, and more! Texas Farm Bureau members save up to 20 percent off their stay at Great Wolf Lodge through December 30.
